Lone Star Outfitters™ offers 2 day hunts for Osceola Turkey on our private ranch in Central Florida. This 2600 acre ranch has delivered near 100 % success rate in the past and offers a great opportunity to bag a Long Beard. We left 22 mature gobblers on the ranch last season due to covid 19 closures. It is not uncommon to see 20 - 50 birds per day. Limiting the harvest to 12 mature birds per year assures a quality hunt in the future.
